On this auspicious occasion, I wish to congratulate the Chancellor, Vice Chancellor, the management, staff, graduating students, their parents & guardians and the entire BUIITEMS family for achieving another milestone in their mission to serve the nation in the field of education. The University enjoys good impressive reputation as an institution imparting quality education to its students in information technology, engineering, management sciences, life sciences and humanities and has carved out a name for itself on the ranking of Higher Education Commission. It is encouraging to learn that the University is committed to become a leading academic institution of the country and is cognizant of the need to invest maximum resources in hiring services of qualified and competent staff, continuously updating and improving curricula, promoting research on modern lines and expanding its academic programs, I would also urge BUIITEMS to take the lead to enhance academia-industry linkages for sustainable economic development. Promotion of quality education is high on the agenda of the present government which is manifest by increase in the education budget. Pakistan today faces several challenges which require concerted and united efforts to overcome them. Many nations have faced similar challenges in history and successfully turned them into opportunities.

Message

**Honorable
Muhammad
Khan
Achakzai**

Governor
Balochistan,
Chancellor BUIITEMS

Universities in both private and public sectors are to equip their students with skills and potentials essential for the betterment and enhancement of human understanding and societal development through quality education and research. This objective can only be met if programmes offered by the universities are congruent with market demands. BUIITEMS in this respect has strived ever since to make sure that its programmes are academically and professionally relevant to the current scientific, technological and commercial innovations in modern world.

I extend my felicitations to Vice Chancellor Ahmed Farooq Bazai (SI) and his team for holding the 12th consecutive Convocation and I am sure to see more academic accomplishments in future. BUIITEMS aims at the continuum of teaching and learning, while endorsing progression in education and research. Human mind does require re-creation in the form of extra-curricular activities and I have found that BUIITEMS is thoroughly conscious of this verity which is evident from the fact that the university has established needed infrastructure.

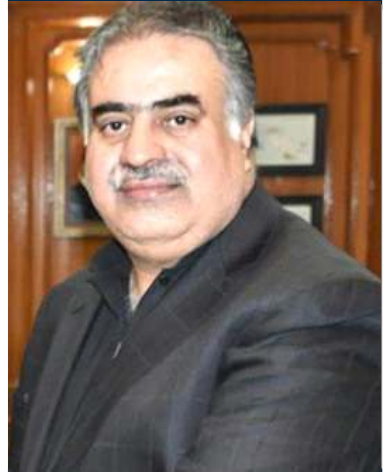

I congratulate the students as well for having completed their degrees and they are now ready to play their crucial role in the socio-economic development of Balochistan vis-à-vis Pakistan.

Message

It is heartening to know that Balochistan University of Information Technology, Engineering and Management Sciences (BUIEMS) is holding its 12th consecutive convocation. The young graduates have completed their academic and professional courses and are ready to enter the arenas of their practical lives with purpose and prestige. This would be highly supportive for the Provincial government and I am confident that they will shoulder the responsibilities to meet the challenge of making Pakistan from developing nation to a technologically advanced and economically strong country with commitment and devotion. Moreover, their induction in national arena will be highly helpful in combating the menace of terrorism and extremism and these graduates would reflect the enlightened face of the Province and the country.

Government is already committed to the cause of education and research. To reflect firm resolve and determination by the present Provincial government, a substantial budget allocation has been made for educational uplift and innovative learning projects. It is noteworthy to see significant development in education sector in the form of BUIEMS. We all need to play our role more effectively for the development and awareness within the Province so as to remain adjacent on national fronts.

I congratulate Vice Chancellor Ahmed Farooq Bazai (SI) and his dedicated team for their successful educational endeavors and I extend my best wishes to successful graduates.

BUIITEMS Monument

BUIITEMS Monument at Takatu Campus symbolizes society's pride, educational advancements and academic excellence. The Monument is represented in unison by a pen, a feather and a paint brush. All the three elements, made of bronze and steel, are combined and encircled by the logo of the University depicting harmony and peace. Each element in itself carries a connotation highlighting the vision and mission of BUIITEMS.

The pen and the feather portray an analogy of literary work that encapsulates the soul and spirit of an educational institution whereas the paint brush signifies creativity being the catalytic element of all sciences. The pen, the feather and the paint brush corresponds to positive and constructive sustaining efforts that any society aims for.

Encircling above *objet d'art*, is a brass emblem of indigenous campus life which depicts a bond that transcends time and space and the social/cultural diversity among our students which promote the ideals such as friendship, loyalty, academic achievement and intellectual development, service to the community and the alma mater, honor and integrity, leadership and personal responsibility.

The existence of BUIITEMS Monument itself embodies the sense of morality for the University and will endure for the times to come.
