FOREWORD

Many congratulations on your achievement! Your graduation today from BUIITEMS signals an important milestone in your personal lives and the lives of those who have supported you in your educational efforts. In achieving this significant goal, you have demonstrated the commitment, creativity and talent you will need to succeed in your chosen career. The entire BUIITEMS community applauds you on your accomplishments and celebrates with you the importance of this momentous occasion.

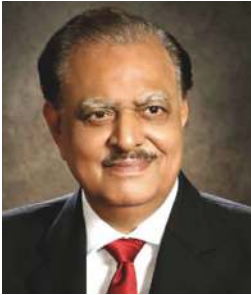

You are the leaders of tomorrow — you will chart the course for the next generation of business professionals, engineers, scientists, artists and teachers. Wherever you choose to make your contribution, you will shape society's actions and exert a powerful influence on the coming generations. As you prepare to assume these roles, we hope you will remember the critical role that the University has played in your preparation — that you will remember how much you have learned at your alma mater. You will use that knowledge to find solutions to some of our most pressing problems. And by so doing, you will ensure that the values we cherish as one rich culture are preserved and advanced.

If this seems an overly optimistic prospect, think about how far you have already come, how much you have grown, and what you are part of. As students, and now as graduates, you are valued members of our vibrant BUIITEMS community. We invite you to maintain your relationship with the University to which you have already dedicated so much time, hard work, and energy. With over 5000 graduates spread over Pakistan and other countries; the Alumni community is an invaluable resource for you as you embark on your career. We urge you to take advantage of and contribute to this extraordinary community of alumni who began their professional lives at BUIITEMS, and who form a network that stretches around the world and crosses all disciplines.

Graduation day is an opportunity for you to reflect on the past and look ahead to the future. This event may well signal a significant change of direction in your life. Whatever direction you choose to take, the knowledge and skills that you have developed here will stand you in good stead, not only in your professional life but also as a contributing member of society. Wherever you may find yourself in the years to come, we hope and anticipate that you will remember your time at BUIITEMS with pleasure, and that you will be proud of your association with one of the region's great universities.

We extend warmest congratulations to our graduates. We take inordinate pleasure and pride in celebrating your contributions as one, and in officially welcoming you as alumni. It is our sincere hope that your graduation day is particularly a joyous occasion for you and your families and that, like all alumni, you will cherish the knowledge that BUIITEMS is, and will forever be, your University.

Message from
Honorable Mamnoon Hussain
President, Islamic Republic of Pakistan

I feel immense pleasure in cherishing the moment that Balochistan University of Information Technology, Engineering and Management Sciences (BUITEMS) is holding its 11th Convocation. On this occasion I offer heartiest congratulations to the management of the University, the graduates, the parents, and the faculty.

BUITEMS holds a unique position among the provincial universities offering quality education. The alumni of this University enjoy reputable positions at national and international level while directing their efforts towards serving the country and mankind to the best of their professional and technical acumen. I am confident that the advent of Pak-China Economic Corridor would open up new vistas and avenues, specifically, for the talented students of Balochistan. This would prove a milestone in the development and prosperity of the Province in the long run.

Once again, my felicitations to the University's management, graduates and their parents and I pray that your endeavors are met with success. Ameen.

Message from
Honorable Mian Muhammad Nawaz Sharif
Prime Minister, Islamic Republic of Pakistan

It is heartening to know that Balochistan University of Information Technology, Engineering and Management Sciences (BUIITEMS) is holding its consecutive 11th Convocation this year. I congratulate the graduating students, faculty members, the Vice Chancellor, management of the university and parents of the graduating students on this occasion. An institution gaining such a reputation within 13 years of its existence is indeed a significant success story.

I believe progress of our nation very much depends on our skillful and trained human resource. This is possible only by providing quality education. I hope that BUIITEMS alumni perform their due role in the development of our society. Our Government is committed to bringing peace and stability in Balochistan and has provided special quotas for students of Balochistan in various sectors and initiatives.

This is a momentous day for graduates and post-graduates who are passing out today.

I wish all the graduating students the best in their lives and I hope that they will be contributing to the betterment and prosperity of the society and the country.

Message from
Honorable Muhammad Khan Achakzai
Governor Balochistan/Chancellor BUITEMS

It is matter of immense pleasure that Balochistan University of Information Technology, Engineering and Management Sciences (BUITEMS) is holding its 11th Convocation.

The public and private sector Universities are required to provide quality education to their students, inculcate in them the skills and capabilities essential for playing effective role in extending human understanding and contribute to society through research. BUITEMS has aimed at achieving these objectives by ensuring that every study program offered by the University is academically and professionally relevant to today's advancements in the scientific, technological and commercial demands of the contemporary world, I extend heartiest greetings to Vice Chancellor and his team and look forward to seeing more accomplishments in future. As a forward looking academic institution, BUITEMS is consistently enhancing its learning environment and promoting growth in academic and research domains. Keeping in view the importance of extracurricular activities for physical and mental growth of students, the University has developed necessary infrastructure comprising play grounds and a sports complex.

I would like to call upon the students to remember that having graduated from the University puts greater responsibility on their shoulders as starting from today, they would be held responsible and accountable for the bright future of the nation. They should believe in themselves and follow their dreams of undertaking ventures of national development which promise prosperity, happiness and peace for the region. I wish all distinctive successes in their new journey towards practical life.

Once again I extend heartfelt congratulations to BUITEMS, to its faculty, administration and especially to the graduating students and their parents on achieving a prominent milestone

Message from
Honorable Dr. Abdul Malik Baloch
Chief Minister Balochistan

Balochistan University of Information Technology Engineering and Management Sciences (BUIITEMS), Quetta is a prestigious and leading education institute of Balochistan rendering commendable services in imparting quality education in the fields of science and technology to students of the province. The 11th Convocation of BUIITEMS is an important event where successful students would be awarded degrees/certificates. The Vice Chancellor Mr. Ahmed Farooq Bazai (S.I.), Administration and Faculty members deserve felicitation and applause for this feat. Obtaining degrees on successful completion of academic courses is a matter of honor for students and their parents.

Education is inevitable for development of a nation. Without education no country can dream of prosperity, stability and progress. We are living in an age of science and technology, where importance of education has increased manifold. It is also our moral and religious responsibility to strive for increasing our educational standard as the Holy Prophet (PBUH) said, "Seek knowledge/education from cradle to grave".

The bedrock of progress and prosperity of developed nations is their tremendous headway in the field of education and the most important cause for majority of our woes is our sluggish progress in this important area. Ergo it is inevitable for us to enhance our literacy rate if we want to overcome our social, economic and political problems.

The faculty and staff of any institute ought to be fully aware of the challenges of professionalism and BUIITEMS, in this regard, is blessed with highly qualified faculty who is grooming their students in best practices of knowledge creation and is publishing their research in journals of repute. This is the era of competition and our country requires adequate skill to interact with global standards of educational excellence and BUIITEMS is fulfilling this responsibility assiduously.

I would like to appreciate the graduating students who have obtained dignified degrees of science and technology; which shows their excellence in their respective field of study. I am sanguine that they will continue the process of enhancing their level of educational excellence/expertise and would use their energies for achieving zenith in their respective fields. I wish them all the best in their future lives.

Message from
Prof. Dr. Mukhtar Ahmed
Chairman, Higher Education Commission

On this auspicious day I extend my warmest congratulations to the graduating students and appreciate BUITEMS and its faculty led by the Vice Chancellor who, with their hard-work and determination, ensure that convocations are held regularly which reflect that university is following its academic calendar with precision. I extend felicitation on this occasion to the Vice Chancellor for successfully conducting the consecutive 11th Convocation.

It is commendable that BUITEMS has become a prestigious institute of learning and excellence in such a short span of time. The scientific and technological development is inevitable for Pakistan to meet the global challenges. To achieve this aim BUITEMS is playing its role by producing graduates who excel in their fields. It is a model to be emulated by other educational institutions in the country.

Higher Education Commission is taking all necessary measures for facilitating institutions of higher learning. As we believe that the socio-economic growth and development of Pakistan depends upon the dedication and hardwork of its educated, highly skilled and responsible citizens.

I expect BUITEMS will keep on improving standards and quality of its academic and research progress while promoting commercialization, entrepreneurship and civil responsibility.

Message from
Ahmed Farooq Bazai (S.I.)
Vice Chancellor BUIITEMS

Congratulations to all the graduating students, faculty, management and staff on BUIITEMS 11th Convocation. This is yet another milestone in the thirteen-year history of the University.

At BUIITEMS we remain focused on transparency, participatory leadership, and participatory management. As experienced, these principles are in effect, at times, difficult to implement but once these principles are realized, they fructify; as new ideas, thoughts and new ways emerge to propel growth, eventually. We have taken steps to initiate an academic culture change synonymous with society's aspirations. It required strenuous efforts on everyone's part belonging to BUIITEMS family and consequently, we have been remunerated with, achieving and maintaining quality performance, open sharing of ideas, growth of the University and most importantly, establishment of sustainable competitive advantage for quality education amongst institutions of higher learning. We are committed to these principles and aspire to remain so.

Our students are at the heart of everything we do. The graduands of this convocation have been equipped with a coherent set of skills, attributes and capabilities that will be their key to success in their future. We expect them to be reflective and critical learners and to contribute in the world of work and life effectively.

In this arduous academic journey, felicitations are due not only to the graduands but equally to their teachers and parents who steadfastly stood as a strong foothold for them.

I bid our passing out students to apply BUIITEMS attributes to a range of life experiences to facilitate life-long learning and life-long success.

God bless you all.

DUA'A

We bow our heads in gratitude to Allah Almighty for the blessings of the fruition of our endeavors and dedication in the pursuit of knowledge. May Allah lead all of us on to the path of righteousness and virtue and guide us on the way of utilizing our knowledge in our practical lives. May further honor and glory come to the recipients of degrees today and may they serve the nation and the country in true spirit of faithfulness.

Allah! Inspire these young men and women with the earnest desire of expanding their knowledge further and give them the capability of contributing positively to their respective branches of study. Allah! mould their minds and hearts according to the teachings of Islam and make them follow the path of truth with zeal and determination. Oh Allah! Inculcate in the minds of these young men and women, the sense of gratitude to their parents, to their teachers and to the Country, which nourished them physically, intellectually and spiritually.

Allah! Endow them with the qualities of humility, simplicity and patriotism and make them aware of their weaknesses, so that they may be able to shun their shortcomings. Allah! Grant them success in every field they go to and make them beacons of light for the succeeding generations of students. Allah! We request thee to shower renown and repute on our University and grant it greater powers to continue spreading light and truth for all times to come.

'Aameen'

BUIITEMS Monument

BUIITEMS Monument at Takatu Campus symbolizes society's pride, educational advancements and academic excellence. The Monument is represented in unison by a pen, a feather and a paint brush. All the three elements, made of bronze and steel, are combined and encircled by the logo of the University depicting harmony and peace. Each element in itself carries a connotation highlighting the vision and mission of BUIITEMS.

The pen and the feather portray an analogy of literary work that encapsulates the soul and spirit of an educational institution whereas the paint brush signifies creativity being the catalytic element of all sciences. The pen, the feather and the paint brush corresponds to positive and constructive sustaining efforts that any society aims for. The existence of BUIITEMS Monument itself embodies the sense of morality for the University and will endure for the times to come.

Academic Dress: Down the Memory Lane

The age-old tradition of graduands wearing graduation caps and gowns, in a way, symbolizes how special the day is in that only those who have toiled and persevered are given the right to wear them.

As graduands walk down the aisle to their respective seats, the cap and gown adds to the feeling of pride that finally one chapter of their life has been successfully completed and another has commenced.

The regalia worn today by our graduands have a colorful history. Academic dress for graduation started in the 12th and 13th centuries when universities first began forming. The gown was first worn for tertiary education and later on, secondary education. The tradition of wearing the academic dress to graduation started rather as a necessity than as official wear to the rite of passage. At that time, no sufficient heating system was provided and students were forced to improvise to keep warm. Later that century, gowns were made the official dress of academics to prevent excessive apparel. In late 1800s the colors were assigned to signify certain areas of study.

On the other hand, the square academic cap also called a mortarboard-because of its resemblance in shape to the device utilized by masons to hold mortar-was reputed to have originated from a biretta worn by scholarly clergies, which was used to signify their superiority and intelligence. These hats became popular in the 14th and 15th centuries and were only worn by artists, humanists, students, and all those learned. The 19th century saw the top knob replaced by a tassel, and the cap became required student attire.
