# Our Foreword

As we grow and learn, our minds and selves begin to bloom and unfurl just as a bud, starting small and simple, then increasing in breadth, complexity, and beauty as we pursue and increase our potential. Our graduates are those buds who during their academic journey of four years explore, expand and enhance their aesthetic, intellectual, and critical sense. Our graduands' vision like the bud opens and unfurls to show its many vibrant layers of innovation, excellence and academic achievement. BUITEMS's 15th convocation is a day of their full bloom, a day that is cherished for the rest of their lives. During their stay at the varsity, they are provided with opportunities of personal as well as intellectual enhancement. Graduation day isn't important for the students only in fact it makes the teachers nostalgic and the mentors of the future nation builders bid them farewell with the faith that each graduate embarking into practical life would exhibit the best of skills and earn a repute for themselves and the institution.

The 15th consecutive convocation of BUITEMS speaks volumes for its commitment to impart quality education and to restore hope in society. BUITEMS bridges the gap between what is taught inside the classroom and a meaningful connection with the outside world. We congratulate all our graduate and undergraduate scholars for the successful completion of their respective degree programs. Graduation is not the end, it's the beginning. We wish and hope to continue our journey and task of providing quality education to the youth.

# Message

My fingers are always crossed when I see enthusiastic graduates waiting effusively for the moment of conferment of their degrees. The elated faces of the parents kindle a bright spark inside me and reinforce my deep seated belief that we are getting closer to our targeted goals every moment.

I am happy to learn, that the 15th Convocation of the Balochistan University of Information Technology, Engineering and Management Sciences is being held today. Convocations are an important occasion not only for students but also for their parents and teachers. For students, it is a reward of all the hard work and long hours spent in meaningful studies. For parents, it is the acknowledgement that their children are ready to take any responsibility and bring prosperity, economic growth and peace to the family and the nation.

While, this is a great pride for teachers to see their students on the peak of their professional careers, hoping that they would practically apply all the knowledge that they acquired during their studies.

I congratulate the graduating students on this occasion and hope that they would face the challenges of their practical life with enthusiasm and determination. I wish them success in their future life.

# Message

Honorable  
Jam Kamal  
Khan

Chief Minister  
Balochistan

The uplift of any society depends on its educated members. All the members of society burn the midnight oil for the progress and development of the country in their respective fields. Each year many young and zealous graduates are produced who take their responsibilities with full determination to work for the social and economic uplift of the country.

I send my sincere congratulations to the Vice Chancellor Ahmed Farooq Bazai, the administration and faculty members for this great accomplishment of BUIITEMS 15th Convocation. It is a proud day for Balochistan to witness the conferment of degrees on the passing-out graduates. I believe that these skilled and qualified scholars are the beacons of success, prosperity and hope for the future. They will get numerous opportunities but they ought to be prepared to face the challenges in order to achieve their goals.

The future of the nation is in the hands of the new graduates. I exhort them to have courage and show their abilities fully. I expect them to remember the words of Steve Brunkhorst "the greatest inventions and accomplishments began as the flicker of an idea. This tiny flame was then fuelled by desire and faith. Watch out for these little ideas; you have the potential to turn them into great things".

BUIITEMS has marched into the 18<sup>th</sup> year of its history with the assurance that qualified faculty will continue rolling on to distinctive achievements and enviable accomplishments in future, too. When viewed in the light of our accomplishments, this does not appear to be a tall claim at all. There is a sound base for coming to such an ambitious conclusion. The basic objective of establishing BUIITEMS was to provide quality education in disciplines which are the need of emerging professional fields. With the establishment of this University, modern educational facilities were made available to the youth of Balochistan, at their own door-steps. During the past years, BUIITEMS has maintained steady growth in all components i.e. growth in physical facilities, growth in capable human resources, growth in nature and number of laboratories and equipment installed therein, growth in the number of programs of study and, consequently, growth in the number of students enrolled. From a modest start in a single-building, the university has now assumed the features of a sprawling conglomeration of three campuses. The university has been continuously focusing on quality research and the sizeable number of research articles and books published in reputed national and international journals speaks of the intellectual prowess and industry of our faculty. A number of our young faculty members have won Fulbright scholarships by dint of their remarkable performance in the tests held for selection of budding and talented scholars. Our students, too, frequently proved their mettle in academic, co-curricular and extra-curricular contests. Almost all of them are now engaged in nation building activities. Winning trophies and notching up top prizes in debates and declamation contests, project competitions and sports events, is acknowledged to be a common trait of our students. BUIITEMS has been contributing to the nation through grooming the youth into culturally enlightened, academically sound, technologically advanced, professionally competent manpower which is moderate in their outlook but intensely research oriented, ever prepared to lead and inspire their co-workers and to preserve and build the traditions of our great civilization. We bow our heads in gratitude to Almighty Allah for giving us the courage to remold the concept of education in the country.

Congratulations to all the graduates and their parents. May you be successful in all your endeavors.

We bow our heads in gratitude to Allah Almighty for the blessings of the fruition of our endeavors and dedication in the pursuit of knowledge. May Allah lead all of us on to the path of righteousness and virtue and guide us on the way of utilizing our knowledge in our practical lives. May further honor and glory come to the recipients of degrees today and may they serve the nation and the country in true spirit of faithfulness.

Allah! Inspire these young men and women with the earnest desire of expanding their knowledge further and give them the capability of contributing positively to their respective branches of study. Allah! mould their minds and hearts according to the teachings of Islam and make them follow the path of truth with zeal and determination. Oh Allah! Inculcate in the minds of these young men and women, the sense of gratitude to their parents, to their teachers and to the Country, which nourished them physically, intellectually and spiritually.

Allah! Endow them with the qualities of humility, simplicity and patriotism and make them aware of their weaknesses, so that they may be able to shun their shortcomings. Allah! Grant them success in every field they go to and make them beacons of light for the succeeding generations of students. Allah! We request thee to shower renown and repute on our University and grant it greater powers to continue spreading light and truth for all times to come.

# BUIITEMS Monument

**B**UIITEMS Monument at Takatu Campus symbolizes society's pride, educational advancements and academic excellence. The Monument is represented in unison by a pen, a feather and a paint brush. All the three elements, made of bronze and steel, are combined and encircled by the logo of the University depicting harmony and peace. Each element in itself carries a connotation highlighting the vision and mission of BUIITEMS.

**T**he pen and the feather portray an analogy of literary work that encapsulates the soul and spirit of an educational institution whereas the paint brush signifies creativity being the catalytic element of all sciences. The pen, the feather and the paint brush corresponds to positive and constructive sustaining efforts that any society aims for.

**E**ncircling above *objet d'art*, is a brass emblem of indigenous campus life which depicts a bond that transcends time and space and the social/cultural diversity among our students which promote the ideals such as friendship, loyalty, academic achievement and intellectual development, service to the community and the alma mater, honor and integrity, leadership and personal responsibility.

**T**he existence of BUIITEMS Monument itself embodies the sense of morality for the University and will endure for the times to come.
